

See the world in HD.

Experience High Definition picture quality like never before with the launch of two new pan/tilt/zoom HD robotic cameras, from Sony. The new EVI-HD7V and EVI-HD3V cameras join the best-in-class EVI-HD1 in providing a truly comprehensive High Definition camera platform designed to meet the needs of the professional AV, Broadcast and Videoconferencing markets. Whether you need standard definition, 720p, 1080i or 1080p for your application, there is a Sony PTZ HD camera to capture your true-to-life images.
