everything  
with the Sony  
XCG-H280E  
camera.

XCG Series

IMAGE  
SENSING  
SOLUTIONS

The XCG series from Sony utilises GigE Vision Technology to perfectly fit the needs of demanding applications, such as factory automation, high-end security and intelligent traffic systems. They offer a flexible range of resolutions from VGA to 5Mp via full HD and combine cutting edge sensor technology with a smart, robust design. If speed is of the essence, and small object detection is of paramount importance, choose XCG cameras from Sony and see the bigger picture.
